## Emergency Assistance Service 24/7.

In the event that you require emergency medical treatment in a hospital or clinic, you should, where possible, contact our Helpline as soon as possible (contact details on page 5). Our emergency assistance service is available 24 hours a day, 365 days a year, to provide you with a range of emergency assistance services such as arranging an emergency medical evacuation or providing a Treatment Guarantee to your hospital (see pages 51 to 55 for details on Treatment Guarantee).

For emergency cases, Treatment Guarantee is not required in advance of in-patient treatment, however, we should be advised within 24 hours of the event. For emergency treatment, please note that we can take Treatment Guarantee Form details over the telephone if you call our Helpline. This will

give us the opportunity to arrange the direct settlement of your hospital bills, where possible, and will ensure that your claim can be processed without any delays.

## MediLine Medical Advice Service 24/7.

Our medical advice service, MediLine, offers you immediate telephone access to an experienced, English speaking medical team that provides comprehensive medical advice and information, such as:

- Pre- and post-operative treatment advice
- Advice and information on a range of lifestyle issues e.g. nutrition and dietary information, sports injuries, advice on smoking and alcohol consumption

- Travel health information pre- and post-travel e.g. vaccinations
- Patient drug information e.g. advice on medication usage and reaction

You can access this member service 24 hours a day, 365 days a year on

Tel: + 44 (0) 208 403 9970

Please be advised that **for policy or claims queries you should contact the Allianz Worldwide Care Helpline directly** (contact details on page 5).

*Please note that the MediLine and its health-related information and resources are not intended to be a substitute for professional medical advice or for the care that patients receive from their doctors. It is not intended to be used for medical diagnosis or treatment and information should not be relied upon for that purpose. Always seek the advice of your doctor*

*before beginning any new treatment or if you have any questions regarding a medical condition. You understand and agree that Allianz Worldwide Care is not responsible or liable for any claim, loss or damage directly or indirectly resulting from your use of this advice line or the information or the resources provided through this service. Calls to the MediLine will be recorded and may be monitored for training and quality purposes.*

## Membership Pack.

Once your company and Allianz Worldwide Care have signed an insurance contract guaranteeing health insurance cover for you and your dependants (if relevant), a full Membership Pack will be provided. The Membership Pack, which could be either soft copy or paper based

(depending on which option was selected by your company), contains the following items:

- **Your personalised Membership Card**

Allianz Worldwide Care supplies a personalised Membership Card to every member, which contains our essential contact numbers and addresses. This means that you and your family are only a phone call away from help. We suggest that you keep this card with you at all times. If you lose the card, don't worry, simply contact our Helpline and we will arrange for a new card to be sent to you.

- **Your Insurance Certificate**

Your Insurance Certificate details the plan that your company has chosen for you and your dependants. It also states the start date and

renewal date of your cover (and effective dates of when dependants were added). It is important that you check that the information is correct. Please let us know, as soon as possible, if any corrections are required.

- **Your Employee Benefit Guide**

This guide sets out the benefits and rules of your Allianz Worldwide Care plan. The Employee Benefit Guide should be read in conjunction with your Insurance Certificate and Table of Benefits. For details of the insurance contract, please refer to your company.

- **A Treatment Guarantee Form**

It is important that the relevant sections of this form are completed by you and your physician and are submitted for approval prior to any

treatment which requires Treatment Guarantee. Treatment Guarantee is required for all treatments listed on pages 52 and 53 of this document and marked with a 1 or a 2 in your Table of Benefits. Please note that the Treatment Guarantee Form is also available on our website.

- **A Claim Form**

To ensure that your claim is paid quickly and without delay, it is important that you follow the guidelines on: “How to claim” (pages 46 to 56). Fully completed Claim Forms are processed and payment instructions issued to your bank within 48 hours. Where further information is required to complete your claim, you/your medical practitioner will be notified by email or mail within 24 hours of receipt of the Claim Form. Emails are automatically sent to you (where email addresses are provided to

us) to advise you of when a claim has been received and when it has been processed. Please note that the Claim Form is also available on our website.

- **Your Table of Benefits**

This document details the benefits and limits available to you under your plan. The Table of Benefits will also detail what benefits require submission of a Treatment Guarantee Form prior to treatment.

- **Your Online Services username and password**

If this option has been selected by your company, you will receive a username and password allowing you access to our web-based Online Services.

## Online Services.

If your company has requested this facility, you can access our secure Online Services through our website [www.allianzworldwidecare.com](http://www.allianzworldwidecare.com)

If we have been provided with your email address, you can access your online account by clicking the 'register' button on the login screen. Please type in your Policy number, Surname and Date of birth, exactly as shown on your Membership Pack documents. An automated email containing your login details will then be sent to the email address we have on record for you.

If we have not been provided with your email address, your login details will have been sent to you in a letter included as part of your Membership Pack.

Online Services allows you to:

- View and amend your personal details online
- Securely retrieve a lost or forgotten username and password
- Download your Insurance Certificate, Employee Benefit Guide and Membership eCard in PDF format
- View your Table of Benefits and check how much remains payable under each benefit limit
- Confirm the status of any claims submitted to us and view claims related correspondence

**Please note that access to Online Services is only available if you are part of a group scheme which has subscribed to this service on your behalf.**

**For Online Services assistance, please contact our Helpline.**

## Medical Provider Finder.

Our Medical Provider directory is available on the Allianz Worldwide Care website [www.allianzworldwidecare.com](http://www.allianzworldwidecare.com). This online directory allows you to search for hospitals, clinics, doctors and specialists on a country by country basis, with the ability to narrow down the search to specific regions and cities. Users can also search under Medical Practitioner categories e.g. Internal Medicine, as well as on specialism e.g. General Surgery, Neurosurgery or Traumatology etc.

You are not restricted to using the providers listed in this directory. For any treatment that requires Treatment Guarantee, please complete and submit a Treatment Guarantee Form prior to undergoing the required treatment. We will, where possible, try to arrange the direct settlement of your in-patient medical expenses with your medical provider.

# What you are covered for.

The following is an overview of your healthcare cover.

To ensure that you have all the information and documents that you need, an Insurance Certificate and a Table of Benefits have been included in your Membership Pack. Both of these specify the plan(s) selected by your company. This could be one of our standard Core Plans, which might have been chosen in combination with one of our standard Out-patient, Dental or Repatriation Plans. On the other hand, **your plan may have been designed specifically for your company.**

This section provides an outline of the cover we provide under each plan. Please be aware that this cover is subject to our policy definitions (detailed on pages 59 to 68), as well as our policy exclusions and limitations (detailed on pages 29 to 35).

**To fully understand your insurance cover with us, please read this guide carefully in conjunction with**

**your Table of Benefits and Insurance Certificate.** If you have any queries regarding the cover provided under your plan, simply contact us for confirmation of your entitlements. Our Helpline staff are available 24 hours a day between Sunday 6.00pm and Friday 7.00pm GMT to deal with your policy enquiries.

## Benefit limits.

There are two kinds of benefit limits shown in the Table of Benefits. The **maximum plan benefit**, which applies to certain plans, is the maximum we will pay for all benefits in total, per member, per Insurance Year, under that particular plan. Some benefits also have a **specific benefit limit** which is applied separately, for example 'Nursing at home or in a convalescent home'. Specific benefit limits may be provided on a "per Insurance Year" basis, a "per

lifetime" basis or on a "per event" basis, such as per trip, per visit or per pregnancy. In some instances we will pay a percentage of the costs for the specific benefit e.g. "65% refund, up to £3,650/€5,000/\$7,100". Where the term "Full refund" appears next to certain benefits, please note that this refund is subject to the maximum plan benefit, if one applies to your plan(s).

## Medical necessity.

As an insurance company, our clients expect us to control medical costs, where possible, in order to maintain affordable health insurance premiums. To do this, our team of highly experienced medical professionals ensure that planned medical interventions are appropriate and medically necessary. By medically necessary we mean treatment that is the most appropriate type and level of service required to treat a patient's condition, illness or injury.

In addition, our team of claims experts will ensure that we only reimburse medical providers where their charges are reasonable and customary. By reasonable and customary we mean that the charges are in accordance with standard and generally accepted medical procedures. If a claim is deemed by us to be inappropriate, we reserve the right to reduce the amount payable by us.

## Chronic conditions.

A chronic condition is defined as a sickness, illness, disease or injury which has one or more of the following characteristics:

- Is recurrent in nature
- Is without a known, generally recognised cure
- Is not generally deemed to respond well to treatment
- Requires palliative treatment

- Requires prolonged supervision or monitoring
- Leads to permanent disability

Unless indicated otherwise in the “Notes” section of your Table of Benefits chronic conditions are covered within the limits of your plan.

## Pre-existing conditions.

Pre-existing conditions are medical conditions or any related conditions for which symptom(s) have been shown at some point during the 5 years prior to commencement of cover, irrespective of whether any medical treatment or advice was sought. Any such condition or related condition about which you or your dependants know, knew or could reasonably have been assumed to have known, will be deemed to be pre-existing.

Pre-existing conditions are covered under the policy unless indicated otherwise in the “Notes” section of your Table of Benefits.

## Waiting period.

A waiting period is a period of time commencing on your policy start date (or effective date if you are a dependant), during which you are not entitled to cover for particular benefits. Your Table of Benefits will indicate which benefits are subject to waiting periods.

## Co-payments or deductibles.

A deductible is an amount which is payable by you and which will be deducted by us from the eligible reimbursable sum. Whereas, a co-payment is a percentage of the eligible costs

incurred, which is payable by you. Some plans may include a maximum co-payment per insured person, per Insurance Year. This means that any co-payment in excess of the maximum amount will be reimbursed by us, subject to the terms and conditions of your policy.

Please refer to your Table of Benefits to determine where co-payments or deductibles apply to benefits within your plan.

## Where you are covered.

Your company will have specified your particular geographical area of cover. Please refer to your Insurance Certificate to confirm this.

## Your Core Plan explained.

### In-patient benefits.

In the case of in-patient treatment, you will be reimbursed within the limits of your cover for the benefits included under your Core Plan. This covers hospital accommodation, as well as other benefits such as medical practitioner fees, prescription drugs and materials, anaesthesia and theatre charges, therapist fees, surgical appliances, prostheses, diagnostic tests and organ transplant.

Treatment Guarantee is required for all in-patient benefits listed in your Table of Benefits (for details of Treatment Guarantee, please refer to pages 51 to 55).

### **In-patient psychiatry and psychotherapy.**

If cover for psychiatry and psychotherapy is included in your plan, this is provided on an in-patient basis only, unless otherwise specified in your Table of Benefits. A waiting period of 10 months applies, unless agreed otherwise between your company and us.

### **Accommodation costs for one parent staying in hospital with an insured child under 18.**

In the event of an insured child requiring hospitalisation, the cost of one parent's accommodation staying with a child under 18 years of age will be covered for the duration of the admission to hospital. In the event that no suitable bed is available in the hospital we will cover the equivalent of a 3 star hotel daily room rate, unless

agreed otherwise between your company and us. Please refer to your Table of Benefits to determine the level of cover available under your plan.

### **Emergency in-patient dental treatment.**

If cover for emergency in-patient dental treatment is included in your plan, this benefit provides you and your dependants with a refund for emergency dental treatment due to a serious accident requiring hospitalisation, up to the amount indicated in your Table of Benefits. Please note that cover under this benefit does not extend to follow-up dental treatment, dental surgery, dental prostheses, orthodontics or periodontics. If cover is provided for these benefits, it will be listed separately in your Table of Benefits.

## Other benefits under your Core Plan.

Your company may have included some or all of the following benefits in your plan. To confirm your benefit entitlement and to check if Treatment Guarantee is necessary, please refer to your Table of Benefits. If you would like any further clarification, simply call our Helpline.

### Day-care treatment.

Cover is provided under our Core Plans for planned day-care treatment received in a hospital or day-care facility. Please note that Treatment Guarantee is required.

### Out-patient surgery.

Cover is also provided for surgical procedures performed in a surgery, hospital, day-care facility or

out-patient department. Please note that Treatment Guarantee is required.

### Nursing at home or in a convalescent home.

You are entitled to claim for nursing received at home or in a convalescent home, if the nursing is provided immediately after, or instead of, hospitalisation, unless agreed otherwise between your company and us. The maximum amount available under this benefit is indicated in the Table of Benefits. It should also be noted that Treatment Guarantee is required. Please also note that this benefit is not payable in respect of palliative care or long term care, which, where provided, is covered under a separate benefit.

### **Palliative care and long term care.**

If this benefit is included in your Core Plan, we will cover the costs of ongoing treatment aimed at alleviating the physical/psychological suffering associated with progressive, incurable illness and maintaining quality of life. Please note that cover is limited to the benefit limit stated in your Table of Benefits and that submission of a Treatment Guarantee Form is required for long term care as well as for palliative care.

### **Rehabilitation treatment.**

If cover is provided under your plan, this is for treatment which takes place in a licensed rehabilitation facility, immediately after the acute medical treatment ceases. The level of cover

provided is indicated in your Table of Benefits. Please note that Treatment Guarantee is required.

### **Local ambulance.**

Cover is provided for ambulance transport required for an emergency or due to medical necessity, to the nearest available and appropriate hospital or licensed medical facility.

### **Emergency treatment outside area of cover.**

If this benefit has been selected by your company, you and your dependants will be covered for emergencies only, which occur during business and holiday trips outside of your chosen area of cover (where relevant). Cover is provided up to a maximum period of 6 weeks per trip within the maximum benefit amount. You will not be covered

for any curative or follow-up non-emergency treatment, even if deemed unable to travel to a country within your geographical area of cover. If you are moving outside your area of cover for more than 6 weeks, you should contact your company's Group Scheme Administrator.

Not only are you covered in the event of an accident, but you are also covered for the sudden beginning, or worsening, of a severe illness which results in a medical condition that presents an immediate threat to your health. To be considered as emergency treatment, and thus covered under this benefit, please remember that the medical treatment provided by a physician, medical practitioner or specialist should commence within 24 hours of the emergency event.

## Medical evacuation.

This benefit provides for ambulance, helicopter or aeroplane transportation to the nearest appropriate medical centre (which may or may not be located in your home country), if the necessary treatment for which you are covered is not available locally, or if adequately screened blood is unavailable in the event of an emergency.

The medical evacuation will be carried out in the most economical way, having regard to your medical condition. Your physician should request the medical evacuation. Please note that Treatment Guarantee will be required.

If medical necessity prevents the insured member from undertaking the evacuation or transportation following discharge from an **in-patient episode of**

care, we will cover the reasonable cost of hotel accommodation up to a maximum of 7 days, comprising of a private room with en-suite facilities. We do not cover costs for hotel suites, 4 or 5 star hotel accommodation or hotel accommodation for an accompanying person.

Where an insured member has been evacuated to the nearest appropriate medical centre for **ongoing treatment**, we will also cover the reasonable cost of hotel accommodation comprising of a private room with en-suite facilities. The cost of such accommodation must be more economical than successive transportation costs to/from the nearest appropriate medical centre and the principal country of residence. Hotel accommodation for an accompanying person is not covered. Please note that Treatment Guarantee is required.

Where adequately screened blood is not available locally, we will, where appropriate, endeavour to locate and transport screened blood and sterile transfusion equipment, where this is advised by the treating physician. We will also endeavour to do this when our medical experts so advise. Allianz Worldwide Care and its agents accept no liability in the event that such endeavours are unsuccessful or in the event that contaminated blood or equipment is used by the treating authority.

#### **Expenses for one person accompanying an evacuated/repatriated person.**

If this cover is available under your plan, one person will be entitled to travel with the evacuated or repatriated person. If this cannot take place in the same transportation vehicle, round trip transport at economy rates will be paid for. There may be a maximum amount that can be claimed

under this benefit, and if so, this will be indicated in the Table of Benefits. Please note that accommodation and other related expenses are not covered and that Treatment Guarantee is required.

### **Repatriation of mortal remains.**

Where covered, in the event of death we will provide a maximum benefit as indicated in the Table of Benefits, to cover the cost of transportation of the insured person's mortal remains from the principal country of residence to the country of burial. Covered expenses include, but are not limited to, expenses for embalming, a container legally appropriate for transportation, shipping costs and the necessary government authorisations. Cremation costs will only be covered in the event that this is required for legal purposes. Costs incurred by any accompanying

persons are not covered. All covered expenses in connection with the repatriation of mortal remains must be pre-approved by us using a Treatment Guarantee Form.

### **CT, MRI and PET scans.**

Unless agreed otherwise between your company and us, CT, MRI and PET scans, as well as CT/PET scans, carried out on an in-patient or out-patient basis, are fully covered within the limits of your Core Plan. Please note that Treatment Guarantee is required for MRI, PET and CT/PET scans.

### **Oncology.**

If this benefit has been selected by your company, you will be covered for specialist fees, diagnostic tests, radiotherapy, chemotherapy and hospital

charges incurred in relation to the planning and carrying out of treatment for cancer, from the point of diagnosis. Treatment Guarantee is required for in-patient and day-care treatment.

### Routine maternity.

If this benefit is provided under your plan, routine maternity refers to medically necessary costs incurred during pregnancy and childbirth, including hospital charges, specialist fees, the mother's pre- and post-natal care, midwife fees as well as newborn care. Costs related to complications of pregnancy and childbirth are not payable under routine maternity.

Please note that a waiting period of 10 months will apply to this benefit, unless otherwise agreed between your company and us. Please note that a

benefit limit may apply. Benefit limits for routine maternity are payable on either a "per pregnancy" or "per Insurance Year" basis. Please refer to your Table of Benefits for details. Treatment Guarantee is required for in-patient treatment.

### Complications of pregnancy and childbirth.

Complications of pregnancy relates to the health of the mother. Only the following complications that arise during the pre-natal stages of pregnancy are covered: ectopic pregnancy, miscarriage, stillbirth and hydatidiform mole.

Complications of childbirth refers only to the following conditions that arise during childbirth and that require a recognised obstetric procedure: post-partum haemorrhage and retained placental membrane. Where the insured's plan also includes

a routine maternity benefit, complications of childbirth shall also refer to medically necessary caesarean sections. Treatment Guarantee is required.

A 10 month waiting period applies to complications of pregnancy and childbirth unless otherwise agreed between your company and us. Treatment Guarantee is required.

### **Home delivery.**

If the home delivery benefit has been selected by your company, a lump sum will be paid as indicated in the Table of Benefits.

### **In-patient cash benefit.**

If this benefit appears in your plan, a specified amount will be paid to you for each night you spend in hospital, up to a specified maximum number of nights per Insurance Year. The benefit is only payable where treatment is received completely free of charge and in respect of treatment that is covered within the terms of your plan. The amount payable per night will be indicated in your Table of Benefits.

### **Emergency out-patient treatment.**

If this benefit has been included in your Core Plan, you are covered for treatment received in a casualty ward or emergency room, following an accident or sudden illness. To be considered emergency, the treatment must be received within 24 hours of the

emergency event. You are covered up to the amount specified in your Table of Benefits.

However, if your company selected out-patient cover for you, you will also be covered, under the terms of this plan, for out-patient treatment in excess of the emergency cover benefit limit.

### Emergency out-patient dental treatment.

If selected by your company, this cover includes treatment received in a dental surgery or hospital emergency room for the immediate relief of dental pain. Cover includes temporary fillings, limited to 3 fillings per Insurance Year, and/or the repair of damage caused in an accident. The treatment must be received within 24 hours of the emergency event. Please note that cover does not extend to dental prostheses or root canal treatment.

However, if your company selected dental cover for you, you will also be covered, under the terms of this plan, for dental treatment in excess of the emergency cover benefit limit.

### Cover for newborn children.

Unless otherwise agreed between your company and us, the following will apply:

For **non-underwritten groups**, newborn infants will be accepted for cover from birth, provided that we are notified within 4 weeks of the date of birth. Notification of the birth after 4 weeks will result in newborn children being accepted for cover from the date of such notification. In-patient treatment for multiple birth babies born as a result of medically assisted reproduction will be covered up to £22,000/€30,000/US\$42,500 per child for the first

3 months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.

For **groups with full medical underwriting**, newborn infants (with the exception of multiple birth babies) will be accepted for cover from birth without medical underwriting, provided that we are notified within 4 weeks of the date of birth and if the mother has been insured with us for 6 continuous months. Notification of the birth after 4 weeks will result in newborn children being underwritten and cover will only commence from the date of acceptance. In-patient treatment for multiple birth babies born as a result of medically assisted reproduction will be covered up to £22,000/€30,000/US\$42,500 per child for the first 3 months following birth. Out-patient treatment will be paid within the terms of the Out-patient Plan. Please note that all multiple birth babies will be subject to full medical underwriting.

## Your Out-patient Plan explained.

Allianz Worldwide Care offers a range of Out-patient Plans, each offering different levels of reimbursements, deductibles and co-payments.

If your company has included out-patient treatment in your cover, **a plan different to our standard plans may have been selected**. To confirm your exact cover, **please refer to your Table of Benefits**.

Our **standard Out-patient Plans** include some or all of the following benefits:

- Medical practitioner fees
- Prescription drugs
- Specialist fees

- Diagnostic tests
- Vaccinations
- Chiropractic treatment, osteopathy, homeopathy, Chinese herbal medicine and acupuncture
- Prescribed physiotherapy, speech therapy, oculomotor therapy and occupational therapy
- Routine health checks
- Infertility treatment
- Psychiatry and psychotherapy
- Prescribed medical aids
- Prescribed glasses and contact lenses

Please note that submission of a Treatment Guarantee Form may be required for some of these benefits (please refer to pages 51 to 55). A waiting period may also apply. These details are confirmed in your Table of Benefits, which should be read in

conjunction with the “Definitions” section of this guide (pages 59 to 68).

### **Infertility treatment.**

Unless agreed otherwise between your company and us, your plan will provide cover for non-invasive investigations into the cause of infertility, within the limits of your Out-patient Plan, if one has been selected.

Should your Table of Benefits include a specific benefit for infertility treatment, you will also be covered for further investigation necessary to establish the cause for infertility, such as hysterosalpingogram, laparoscopy or hysteroscopy. Please note that a waiting period of 18 months will apply, unless agreed otherwise between your company and us.

Please note that in-patient treatment for multiple birth babies born as a result of medically assisted reproduction will be covered up to £22,000/€30,000/\$42,500 per child for the first 3 months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan. For **groups with full medical underwriting**, all multiple birth babies will be subject to full medical underwriting.

## Your Dental Plan explained.

If dental cover has been included in your plan, the benefits your company has selected may differ from our standard plans. **To confirm your exact cover, please refer to your Table of Benefits.**

Under our standard Dental Plans, you can benefit from dental cover that offers up to 100% reimbursement of the fees payable on a range of benefits, subject to benefit limits. The Dental Plans offer reimbursement for e.g. the cost of X-rays, laboratory tests and materials, dental surgery, periodontics, orthodontic treatment and dental prostheses.

Please note that for orthodontic treatment and dental prostheses, a waiting period of 10 months will apply, unless otherwise agreed between your company and us.

## Your Repatriation Plan explained.

This is an optional plan and where covered will be indicated in your Table of Benefits.

If the necessary treatment for which you are covered is not available locally, your Repatriation Plan will enable you to return to your home country for treatment rather than to the nearest appropriate medical centre. This only applies when your home country is located within your geographical area of cover. Following completion of treatment, we will also cover the cost of the return trip, at economy rates, to your principal country of residence as long as the return journey is made within one month of completion of treatment. Please note that submission of a Treatment Guarantee Form is required.

# What your healthcare cover does not pay for.

Although we cover most illnesses, expenses incurred for the following treatments, medical conditions and procedures are not covered under the policy unless confirmed otherwise in the Table of Benefits or in any written policy endorsement.

1. Treatment **outside the geographical area of cover** unless for emergencies or authorised by us.
2. **Pre-existing conditions** (including any pre-existing chronic conditions) are covered under this policy, unless indicated otherwise in a Special Conditions Form that issues with your Insurance Certificate, if relevant.  
  
Please note that if you are part of a group that required medical underwriting, any pre-existing conditions that **were not declared by you on the Application Form** will not be covered under the policy. Conditions arising **between signing the Application Form and confirmation** of acceptance by the Underwriting Department of Allianz Worldwide Care will equally be deemed to be pre-existing, and if not declared will not be covered.
3. Products classified as **vitamins or minerals** (except during pregnancy or to treat diagnosed, clinically significant vitamin deficiency syndromes), nutritional or dietary consultations and supplements, including, but not limited to, special infant formula and cosmetic products, even if medically recommended or prescribed or acknowledged as having therapeutic effects.
4. Products that can be purchased without a **doctor's prescription**.
5. Unless the Table of Benefits includes a specific benefit for **infertility treatment**, cover

- is limited to **non-invasive investigations** into the **cause of infertility**, within the limits of your Out-patient Plan.
6. Unless stated otherwise in the Table of Benefits, cover is not provided for investigations into, treatment and complications arising from **sterilisation, sexual dysfunction and contraception**, including insertion and removal of contraceptive devices and all other contraceptives, even if prescribed for medical reasons. The only exception is the prescribing of contraceptives for the treatment of acne, where prescribed by a dermatologist.
  7. **Termination of pregnancy** except in the event of danger to the life of the pregnant woman.
  8. In-patient treatment for **multiple birth babies born as a result of medically assisted reproduction** is limited to £22,000/€30,000/US\$42,500 per child for the first 3 months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.
  9. **Cosmetic or plastic surgery**, or any treatment arising from it, whether or not for medical/psychological purposes. The only exception is re-constructive surgery necessary to restore function or appearance after a disfiguring accident, or as a result of surgery for cancer, if the accident or surgery occurs during your membership of the scheme.
  10. Stays in a **cure centre, bath centre, spa, health resort and recovery centre**, even if the stay is medically prescribed.

11. Care and/or treatment of **intentionally caused diseases** or **self-inflicted injuries**, including a suicide attempt.
12. Care and/or treatment of **drug addiction** or **alcoholism**.
13. Illnesses, accidents and the consequences thereof, as well as instances of death, that are caused by the misuse of **alcohol** or **drugs** by the insured person.
14. **Developmental delay** unless a child has not attained developmental milestones expected for a child of that age in one or more of the following areas: cognitive, physical or language development. We do not cover conditions in which a child is slightly or temporarily lagging in development. The developmental delay must have been quantitatively measured by qualified personnel and documented as a 12 month delay in one of the above mentioned areas.
15. We do not cover treatment for conditions such as **conduct disorder, attention deficit hyperactivity disorder, autism spectrum disorder, oppositional defiant disorder, antisocial behaviour, obsessive-compulsive disorder, attachment disorders, adjustment disorders**, as well as all treatments that encourage positive social-emotional relationships, such as **communication therapies, floor time** and **family therapy**.
16. **Speech therapy** is only eligible for reimbursement in the context of a diagnosed physical impairment such as, but not limited

to, nasal obstruction, neurogenic impairment (e.g. lingual paresis, brain injury) or articulation disorders involving the oral structure (e.g. cleft palate). We do not pay for speech therapy related to developmental delay, dyslexia, dyspraxia or expressive language disorder.

17. **Psychotherapy treatment**, on an in-patient or out-patient basis, is only covered where you or your dependants are initially diagnosed by a clinical psychiatrist and referred to a clinical psychologist for further treatment.
18. Where covered, **out-patient psychotherapy treatment** is initially restricted to 10 sessions per condition, after which treatment must be reviewed by the referring clinical psychiatrist. Should further sessions be required, a

progress report must be submitted to us, which indicates the medical necessity for any further treatment. Costs in respect of a family therapist or counsellor are not covered.

19. Treatment for any illnesses, diseases or injuries resulting from **active participation in war, riots, civil disturbances, terrorism or acts against any foreign hostility**, whether war has been declared or not.
20. Treatment for any medical conditions arising directly or indirectly from **chemical contamination, radioactivity or any nuclear material** whatsoever, including the combustion of nuclear fuel.
21. Investigations into or treatment of **sleep disorders**, including insomnia.

22. Expenses for the **acquisition of an organ** including, but not limited to, donor search, typing, transport and administration costs.
23. Treatment or diagnostic procedures of **injuries arising from an engagement in professional sports**.
24. Any form of **treatment or drug therapy** which in our reasonable opinion is **experimental** or **unproven** based on generally accepted medical practice.
25. **Orthomolecular treatment** (please refer to Definition 1.46).
26. **Consultations performed**, as well as **any drugs** or **treatments prescribed**, by you, your spouse, parents or children.
27. **Medical practitioner fees for the completion of a Claim Form** or other administration charges.
28. **Home visits** unless they are necessary following the sudden onset of an acute illness, which renders the insured incapable of visiting their medical practitioner, physician or therapist.
29. **Genetic testing** except for DNA tests when directly linked to an eligible amniocentesis i.e. in the case of women aged 35 or over.
30. **Pre- and post-natal classes**.
31. **Triple/Bart's, Quadruple or Spina Bifida tests**, except for women aged 35 and over.
32. Investigations into and treatment of **obesity**.

33. Investigations into and treatment of **loss of hair** and any **hair replacement** unless the loss of hair is due to cancer treatment.
34. **Complementary treatment** with the exception of those treatments indicated in the Table of Benefits.
35. Treatment required as a result of **failure to seek or follow medical advice**.
36. Treatment required as a result of **medical error**.
37. Treatment to change the **refraction of one or both eyes (laser eye correction)**.
38. **Sex change operations** and related treatments.
39. **Treatment in the USA** is not covered, if we know or suspect that cover was purchased for the purpose of travelling to the USA to receive treatment for a condition, when the symptoms of the condition were apparent to the member prior to the purchase of cover.
40. **Travel costs** to and from medical facilities (including parking costs) for eligible treatment, except any travel costs covered under local ambulance, medical evacuation and medical repatriation benefits.
41. Expenses incurred because of **complications directly caused by an illness, injury or treatment for which cover is excluded or limited** under your plan.

- 42. The following treatments, medical conditions or procedures or any adverse consequences or complications thereof, are not covered, unless otherwise indicated in your Table of Benefits:
  - 42.1 Dental treatment, dental surgery, periodontics, orthodontics and dental prostheses with the exception of oral surgical procedures, which are covered within the overall limit of your Core Plan
  - 42.2 Out-patient treatment
  - 42.3 Emergency dental treatment
  - 42.4 Routine maternity
  - 42.5 Home delivery
  - 42.6 Prescribed glasses and contact lenses
  - 42.7 Prescribed medical aids
  - 42.8 Vaccinations
  - 42.9 Preventive treatment
  - 42.10 Routine health checks
  - 42.11 In-patient psychiatry and psychotherapy treatment
  - 42.12 Out-patient psychiatry and psychotherapy treatment
  - 42.13 Infertility treatment
  - 42.14 Rehabilitation treatment
  - 42.15 Medical repatriation
  - 42.16 Expenses for one person accompanying an evacuated/repatriated person

# Paying premiums and general information.

The following section provides you with general information on paying your premiums and details other important aspects of your membership.

## Paying premiums.

### If your company is responsible for paying your insurance premium.

In most cases, your company is responsible for the payment of premiums to Allianz Worldwide Care for your membership and for the membership of dependants covered under the Company Agreement, together with the amount of any other payments due (such as Insurance Premium Tax) that may be payable in respect of your or their membership.

However, please note that you may be liable for payment of tax in respect of the premiums paid by your company. For details, please check with your company.

### If you are responsible for paying your insurance premium yourself.

If you are responsible for the payment of your premiums to Allianz Worldwide Care, you are required to pay the premium due to us in advance, for the duration of your membership. Premiums for each Insurance Year have been agreed between your company and us. The amount your company has agreed with us and the method of payment you have chosen, will be shown on your Insurance Certificate. The **initial premium** or the first premium instalment is payable immediately after our acceptance of your application.

**Subsequent premiums** are due on the first day of the chosen payment period. You may choose between monthly, quarterly, half yearly or annual payments depending on the payment method you choose.

Please note that if there is any difference between the agreed quotation and your Payment Details letter/Invoice, you should contact us immediately. We are not responsible for payments made through third parties.

Your premium should be paid in the currency you elected to pay when applying for cover. If you are unable to pay your premium for any reason, please contact us on **+353 1 630 1301**. Changes in payment terms can be made at policy renewal via written instructions which must be received by us a minimum of 30 days prior to the renewal date. Failure to pay an initial premium or subsequent premium on time may result in loss of insurance cover.

### **Paying other charges.**

In addition to paying premiums, you also have to pay us the amount of any Insurance Premium Tax (IPT) and any new taxes, levies or charges relating to your membership that may be imposed after you join and that we are required by law to pay or to collect from you. The amount of any IPT or taxes, levies or charges that you have to pay us is shown on your Payment Details letter/Invoice.

You are required to pay to us any such IPT, taxes, levies and charges when you pay your premiums, unless otherwise required by law.

### **Changes to premiums and other charges.**

Each year on the renewal date, we may change how we calculate your premiums, how we determine

the premiums, what you have to pay and the method of payment. Please be assured that if we do make changes they will only apply from your renewal date.

We may change the amount you have to pay us in respect of IPT or in respect of other taxes, levies or charges at any time if there is a change in the rate of IPT or any new such tax, levy or charge is introduced or there is a change in the rate of any such tax, levy or charge.

If we do make any changes to your premiums or to the amount you have to pay in respect of IPT or other taxes, levies or charges, we will write to tell you about the changes. If you do not accept any changes we make, you can end your membership and we will treat the changes as not having been made, if you end your membership:

- Within 30 days of the date on which the changes take effect, or
- Within 30 days of us telling you about the changes, whichever is later

## Important events.

Throughout this guide, you will see references to important events such as when you start, renew or end your membership, or include other people as your dependants. This section explains exactly when, and how, these events take place. Our aim is to continuously improve our service to our members. In order to help us do this, if for any reason you cancel your membership, please let us know the reason why.

### Starting membership.

The insurance shall be valid as of the start date on the Insurance Certificate. The cover will continue until the group renewal date as detailed in your Insurance Certificate. Generally, this is one Insurance Year unless agreed otherwise between your company and us or if you started your policy mid-year. At the end of this period, your company can renew the insurance on the basis of the Employee Terms and Conditions applicable at that time. You will be bound by those terms.

### When cover starts for dependants included in your membership.

If any other person is included as a dependant in your membership, their membership will start on the effective date as stated on your Insurance Certificate. This certificate will list them as a

dependant as agreed between your company and us. Their membership may continue for as long as you remain a member of a group scheme (and as long as any child dependants remain under the defined age limit, if applicable).

### Adding dependants.

You may apply to include any of your family members under your membership as one of your dependants, provided that you are allowed to do so under the agreement between your company and us. Notification to add a dependant should be made through your company unless otherwise stated.

For **non-underwritten groups**, newborn infants will be accepted for cover from birth, provided that we are notified within 4 weeks of the date of birth. Notification of the birth after 4 weeks will result in

newborn children being accepted for cover from the date of such notification. In-patient treatment for multiple birth babies born as a result of medically assisted reproduction will be covered up to £22,000/€30,000/\$42,500 per child for the first 3 months following birth. Out-patient treatment will be paid within the terms of the Out-patient Plan.

For **groups with full medical underwriting**, newborn infants (with the exception of multiple birth babies) will be accepted for cover from birth without medical underwriting, provided that we are notified within 4 weeks of the date of birth and if the mother has been insured with us for 6 continuous months. Notification of the birth after 4 weeks will result in newborn children being underwritten and cover will only commence from the date of acceptance. In-patient treatment for multiple birth babies born as a result of medically

assisted reproduction will be covered up to £22,000/€30,000/\$42,500 per child for the first 3 months following birth. Out-patient treatment will be paid within the terms of the Out-patient Plan. Please note that all multiple birth babies will be subject to full medical underwriting.

### **Renewing membership if your company is responsible for paying your insurance premium.**

The renewal of your membership (and that of your dependants, if applicable) is subject to your company renewing your membership under the Company Agreement.

If your company renews the contract with Allianz Worldwide Care, you will receive a new Insurance Certificate which will cover you (and your

dependants, if applicable) until the next renewal date.

### **Renewing membership if you are responsible for paying your insurance premium yourself.**

If your company renews your membership (and that of your dependants, if applicable) under the Company Agreement, your policy will be automatically renewed for the next Insurance Year, provided that all premiums due to us have been paid and the payment details we have for you are still valid on the policy renewal date. For example, we would need to have up-to-date credit card details for credit card payers. Please note that when you receive a new credit card with a new expiry date, you will need to notify us of this change.

### **Ending your membership.**

Your company can end your membership or that of any of your dependants by notifying us in writing. We cannot backdate the cancellation of your membership.

Your membership will automatically end:

- At the end of the Insurance Year, if the agreement between Allianz Worldwide Care and your company is terminated
- If your company decides to end the cover or does not renew your membership
- If your company does not pay premiums or any other payment due under the Company Agreement with Allianz Worldwide Care
- If you are an individual payer and you do not pay premiums or any other payment due under

the Company Agreement with Allianz Worldwide Care

- When you stop working for the company
- Upon the death of the policyholder

Allianz Worldwide Care can end a person's membership and that of all the other people listed on the Insurance Certificate if there is reasonable evidence that the person concerned has misled, or attempted to mislead us. By this, we mean giving false information or withholding pertinent information from us, or working with another party to give us false information, either intentionally or carelessly, which may influence us when deciding:

- Whether you (or they) can join the scheme
- What premiums your company has to pay
- Whether we have to pay any claim

### Applying for cover if group membership ends.

If your cover under the Company Agreement comes to an end, you can apply for cover under one of our Healthcare Plans for individuals. Your policy may be subject to underwriting. We reserve the right to decide on the acceptance of your application.

The application must be submitted within one month of leaving the group scheme. The commencement date, if accepted for cover, will be the first day after leaving the group scheme.

## General information.

### Table of Benefits.

Your Table of Benefits will be issued using the currency agreed with your company (or with you, if you pay the insurance premium yourself). This can be Euro, Sterling or US Dollar.

### Making changes to your cover.

The terms and conditions of your membership may be changed from time to time by agreement between your company and Allianz Worldwide Care.

## Amending your membership details.

We will send you a new Insurance Certificate if either of the following occur:

- If, with your company's approval, you are adding another dependant such as a newborn child to your membership
- If we need to record any other changes requested by your company or which we are entitled to make

Your new Insurance Certificate will replace any earlier version you possess as from the start date shown on the new Insurance Certificate.

### Other parties.

No other person is allowed to make or confirm any changes to your membership on our behalf, or decide not to enforce any of our rights. No change to your membership will be valid unless it is specifically agreed between your company and Allianz Worldwide Care.

### Policy expiry.

Please note that upon the expiry of your insurance cover, your right to reimbursement ends. Any expenses covered under the insurance policy and incurred during the period of cover shall be reimbursed up to 6 months after the expiry of the insurance cover. However, any on-going or further treatment that is required after the expiry date of your insurance policy will no longer be covered.

### If your treatment is needed as a result of somebody else's fault.

If you are claiming for treatment that is needed when somebody else is at fault, you must write and tell us as soon as possible. For example, if you need treatment for an injury suffered in a road accident in which you are a victim. If so, you will need to take any reasonable steps we ask of you to obtain the insurance details of the person at fault so that we can recover, from the other insurer, the cost of the treatment paid for by us.

If you are able to recover the cost of any treatment for which we have paid, you must repay that amount (and any interest) to Allianz Worldwide Care.

### **If you are covered by another insurance scheme.**

You must write to tell us if you have any other insurance cover for the cost of the treatment or benefits you have claimed from us. If you do have other insurance cover, we will only pay our share of the cost of the treatment.

### **If you change your address/email address.**

Any change in your home, business or email address should be communicated to Client Services as soon as possible. This information will help us to keep in contact with you.

### **Correspondence.**

Letters between us must be sent by post and with the postage paid. We do not usually return original documents to you. However, if you ask us at the time you send the original documents to us, we will of course return them to you.

### **Applicable law.**

Your membership is governed by Irish law. Any dispute that cannot otherwise be resolved will be dealt with by courts in Ireland.

# How to claim.

Before you make a claim, **please check that your plan covers the treatment you are seeking.** Please refer to your Table of Benefits and call our Helpline if you have any queries.

## In-patient claims.

If you have to go to a hospital, we will, where possible and with sufficient notice, arrange for direct settlement with the medical provider subject to any co-payments, deductibles and benefit limits i.e. where possible, Allianz Worldwide Care will settle the bill for you by dealing directly with the hospital.

All in-patient treatment requires submission of a Treatment Guarantee Form prior to commencement of treatment. Further important details on **Treatment Guarantee** can be found on pages 51 to 55.

To arrange for direct settlement, we can assist you more quickly and efficiently if the following steps are taken:

For **planned** treatment:

1. Please download a Treatment Guarantee Form from our website [www.allianzworldwidecare.com](http://www.allianzworldwidecare.com). You/your physician will need to complete the relevant sections of the Treatment Guarantee Form.
2. Once fully completed, please send the Treatment Guarantee Form to us at least 5 working days prior to treatment so that we can ensure there will be no delays at the time of admission. You can submit it in the following ways:

- Fax to +353 1 630 1306 or
- Scan and email to [client.services@allianzworldwidecare.com](mailto:client.services@allianzworldwidecare.com)
- Post to the address shown on the Treatment Guarantee Form
- If treatment is due to take place **within 72 hours**, our Helpline can take Treatment Guarantee Form details **over the telephone** if you have the required information to hand

For **emergency** treatment:

1. While Treatment Guarantee is not required in advance of emergency treatment, either you, your physician, one of your dependants or a colleague needs to inform us about the hospital admission within 24 hours of the event to ensure that no Treatment Guarantee penalty is applied.

2. In the case of emergency treatment, to assist you in the claims process, please note that we can take Treatment Guarantee details over the phone if you call our Helpline. This gives us the opportunity to arrange the direct settlement of your hospital bills, where possible, and will ensure that your claim can be processed without any delays.

## Out-patient or dental claims.

For out-patient or dental treatment, unless you have been informed of a different settlement arrangement, you will need to pay the medical provider for these costs at the time of treatment and then seek reimbursement from us, which will be subject to the benefit limits of your plan.

When you visit a medical practitioner, dentist, physician or specialist on an out-patient basis,

please take a Claim Form with you (this form can be downloaded from our website [www.allianzworldwidecare.com](http://www.allianzworldwidecare.com)) and follow the steps below:

1. You will need to get an invoice from the doctor/medical provider which states the diagnosis or medical condition treated, the nature of the treatment and the fees charged.
2. Please complete sections 1-5 of the Claim Form. The other sections will only need to be completed, dated and signed by your doctor if the invoice **does not** state the diagnosis and nature of the treatment (if these details are not shown on the invoice, you are responsible for ensuring that your doctor provides the information requested in sections 6 and 7 of the Claim Form).
3. When submitting your Claim Form to us, please attach all original supporting documentation, invoices and receipts e.g. medical practitioner/physician invoices and pharmacy receipts with related prescriptions (if available). It is your responsibility to keep copies of all correspondence with us (in particular, copies of Claim Forms and medical receipts). We cannot be held responsible for correspondence lost in the post.
4. An email will automatically be sent to you (where email addresses have been provided to us) to advise you of when the claim has been received and when it has been processed. If we do not hold an email address for you, we will write to you at your correspondence address to advise you when your claim has been processed.

The Claim Form and Treatment Guarantee Form can be downloaded from our website:  
[www.allianzworldwidecare.com](http://www.allianzworldwidecare.com)

ADDRESS:  
Allianz Worldwide Care  
18B Beckett Way  
Parkwest Business Campus  
Nangor Road  
Dublin 12  
Ireland

**Please note the following important points:**

1. Fully completed Claim Forms are processed and payment instructions issued to your bank **within 48 hours**. Where further information is required to complete the claim, you/your medical practitioner will automatically be notified by email or mail within 24 hours of receipt of the ClaimForm.
2. **If the amount to be claimed is less than the deductible figure under your plan**, remember to retain the Claim Form and receipts - **do not destroy or dispose of them**. Keep collecting all out-patient receipts and Claim Forms until you reach an amount in excess of your plan deductible. Then forward to us all completed Claim Forms together with original receipts/invoices.
3. A separate Claim Form is required for each person claiming and for each medical condition being claimed for.
4. Please specify on the Claim Form the currency in which you wish to be paid, otherwise the benefit due to you will be paid in the currency of the invoice. On the rare occasion that the international banking regulations do not allow us to make a payment in the currency you have asked for, the benefit due to you will be paid in the currency of your invoice (where possible). If we have to make a conversion from one currency to another we will use the exchange rate that applies on the date on which the invoices were issued.

5. Please ensure that the **payment details that you supply on the Claim Form** are correct, to avoid delays to claims settlement.
6. Please note that **some out-patient treatments require submission of a Treatment Guarantee Form** prior to treatment taking place. Please refer to the Table of Benefits to check which benefits require Treatment Guarantee.
7. Please note that **only costs for incurred treatment will be reimbursed** within the limits of your policy, after taking into consideration any required Treatment Guarantee, and this will be net of any deductibles or co-payments mentioned in the Table of Benefits.
8. **Upon expiry of your insurance cover, your right to reimbursement ends** (for more details, please refer to the section on “Policy expiry” on page 44).
9. All claims should be submitted to us with original supporting documentation, invoices and receipts **no later than 6 months after the end of the Insurance Year, or if cover is cancelled within the Insurance Year, no later than 6 months after the end of the insurance cover**. Beyond this time we are not obliged to settle the claim.

*You and your dependants agree to assist us in obtaining all necessary information to process a claim. We have the right to access all medical records and to have direct discussions with the medical provider or the treating physician. We may, at our own*

*expense, request a medical examination by our medical representative when we deem this to be necessary. All information will be treated in strict confidence. We reserve the right to withhold benefits if you or your dependants have not honoured these obligations.*

You can track your claim through the Online Services section on our website if your company has selected this option. Please refer to page 10 to find out more about our Online Services.

## Fraud.

If any claim is false, fraudulent, intentionally exaggerated or if fraudulent means or devices have been used by you or your dependants or anyone acting on your or their behalf to obtain benefit under this policy, we will not pay any benefits for

that claim. The amount of any claim settlement made to you before the fraudulent act or omission was discovered, will become immediately due and owing to us.

## Treatment Guarantee.

Please refer to your Table of Benefits to check whether Treatment Guarantee applies to any of the benefits available to you.

### What is Treatment Guarantee?

Certain treatments and costs require you to submit a Treatment Guarantee Form in advance. Following approval by Allianz Worldwide Care, cover for these required treatments or costs can then be guaranteed.

In the Table of Benefits, benefits which require pre-approval through submission of a Treatment Guarantee Form are indicated by either a 1 or a 2. When required, the relevant sections of a Treatment Guarantee Form need to be completed by you and your physician, and then submitted to us for approval prior to treatment.

Please contact us at **least 5 working days prior to receiving treatment** so that we can ensure that there will be no delays at the time of admission. We will respond within 24 hours of receipt of a fully completed form.

Please note that if you call our Helpline, we can accept Treatment Guarantee requests over the phone **if treatment is due to take place within 72 hours**. Please have as many details as possible

ready to give over the phone, including the contact details of your doctor.

### When is Treatment Guarantee required?

Treatment Guarantee is required for the following benefits, which may or may not be included in your plan:

- All in-patient treatments
- MRI (Magnetic Resonance Imaging), PET (Positron Emission Tomography) and CT/PET scans
- Nursing at home or in a convalescent home
- Routine maternity including complications of pregnancy and childbirth (in-patient treatment only)
- Oncology (in-patient and day-care treatment only)

- Out-patient surgery
- Day-care treatment
- Occupational therapy (out-patient treatment only)
- Rehabilitation treatment
- Palliative care and long term care
- Medical evacuation (or repatriation)
- Expenses for one person accompanying an evacuated/repatriated person
- Repatriation of mortal remains

Your Table of Benefits will indicate which benefits require submission of a Treatment Guarantee Form prior to treatment.

### Why is Treatment Guarantee required?

As with all health insurance policies, your plan with us will only cover treatment that is medically

necessary and charges that are usual and customary. Therefore, it is vital that you contact us prior to treatment so that we can confirm medical necessity and appropriateness of costs.

In addition, Treatment Guarantee will help us to provide you with a better service in the following ways:

- In the case of planned treatment, we will have time to communicate with the hospital to facilitate smooth admission and where possible, arrange for direct settlement, offering you cashless access to hospitals for in-patient treatment
- Your treatment can be overseen by our doctor

- In the case of an evacuation/repatriation, we will be able to organise and co-ordinate the evacuation on your behalf. Please contact the Helpline Team for assistance with this process

## What happens if Treatment Guarantee is not obtained?

Unless agreed otherwise between your company and us, the following will apply:

If Treatment Guarantee approval is not obtained and the treatment received is subsequently proven to be medically unnecessary, **we reserve the right to decline your claim.**

If Treatment Guarantee is not obtained for the benefits listed in the Table of Benefits with a **1**, **we reserve the right to decline your claim.** If the

respective treatment is subsequently proven to be medically necessary, we will pay only **80%** of the eligible benefit.

If Treatment Guarantee is not obtained for the benefits listed in the Table of Benefits with a **2**, **we reserve the right to decline your claim.** If the respective treatment is subsequently proven to be medically necessary, we will pay only **50%** of the eligible benefit.

While Treatment Guarantee is not required in advance of emergency treatment, we should be informed within 24 hours of the emergency event to ensure that no Treatment Guarantee penalty is applied. In the case of emergency treatment we can take the details over the phone that will enable us to complete a Treatment Guarantee Form. This will give us the opportunity to arrange the direct

settlement of your hospital bills, where possible, and will ensure that your claim can be processed without any delays.

## Treatment in the USA.

For treatment in the USA, members with “worldwide” cover should instruct their medical provider to contact our **toll-free number** (please see the reverse of your Membership Card) in order to verify eligibility of cover. We can then arrange direct settlement for in-patient and out-patient treatment.

Please note that treatment in the USA is not covered, if we know or suspect that cover was purchased for the purpose of travelling to the USA to receive treatment for a condition, when the

symptoms of the condition were apparent to the member prior to the purchase of cover.

### InRoomMD™.

Allianz Worldwide Care has partnered with InRoomMD™ in the USA to offer a number of additional benefits to members who are either based in the USA or who are travelling there on business or on holiday. InRoomMD™ services are available to members with “Worldwide” geographical cover or to those who have the benefit for “Emergency treatment outside area of cover”.

InRoomMD™ offers immediate access to a qualified physician, at night, during weekends or when travelling, avoiding any unnecessary trips to a hospital Emergency Room (ER) as well as the possibility of long waiting times. Services include

24hr a day telephone consultation, in-room physician visits, replacement of lost/forgotten prescription refills and express ER triage and hospital admittance. Full details can be found at [www.allianzworldwidecare.com/inroommd.php](http://www.allianzworldwidecare.com/inroommd.php)

To access InRoomMD™, you can call the toll-free number **1800 649 0705**. You'll simply need to have your policy number ready (available on your existing policy Membership Card/e-card). These services are available on a “cashless” direct settlement basis.

InRoomMD™ medical services are offered in conjunction with your Table of Benefits, subject to the limits of your cover, for medical care that is required outside of normal working hours and/or when travelling. These services, which are only

available in the USA, are supported in both English and Spanish. A telephonic translation service is available for incoming calls to the InRoomMD™ toll-free number, as and when required.

# Questions answered.

We have selected a few questions, which may be of interest to you. If you have further questions, please do not hesitate to contact us.

For more details, please visit  
[www.allianzworldwidecare.com](http://www.allianzworldwidecare.com)

**Q. In which countries can I receive treatment?**

**A.** Where the necessary medical treatment for which you are covered is not available locally, you can avail of treatment in any country within your geographical area of cover (your area of cover is confirmed in your Insurance Certificate). In order to seek reimbursement for medical treatment and travel expenses incurred, you will need to submit a Treatment Guarantee Form for approval prior to travel.

Where the necessary medical treatment for which you are covered is available locally, but you choose to travel to another country within your geographical area of cover for treatment, we will reimburse all eligible costs incurred within the terms of your plan, however, we will not pay for travel expenses.

**Q. What happens when I return to my home country?**

**A.** Unless otherwise agreed between your company and us, when you return to your home country to make it your principal country of residence, your policy can continue as long as your home country is within your geographical area of cover. Please note that cover in some countries is subject to legal restrictions, particularly for nationals of that country.

**Q. Which hospitals can I go to?**

**A.** You can use our online Medical Provider Finder to search for providers worldwide, however, you are not restricted to using providers from this directory. For any treatment that requires Treatment Guarantee, please contact our Helpline prior to undergoing the required treatment. We will, where possible, try to arrange the direct settlement of your in-patient medical expenses with your medical provider.

**Q. Why do I need to complete a Treatment Guarantee Form?**

**A.** Treatment Guarantee is a process whereby Allianz Worldwide Care guarantees cover for certain treatments and costs following submission of a Treatment Guarantee Form. This will ensure that you have cashless access to hospitals as well as the fact that your treatment will be overseen by our in-house medical team.

# Making a complaint.

Please find guidelines on our complaints process below.

We are always pleased to hear about aspects of your membership that you have particularly appreciated, or that you have had problems with. If something does go wrong, here is a simple procedure to ensure that your concerns are dealt with as quickly and effectively as possible.

The Allianz Worldwide Care Helpline is always the first number to call if you have any comments or complaints. Please call us on **+353 1 630 1301** (available 5 days a week between Sunday 6.00 pm and Friday 7.00 pm GMT).

In cases where we are not able to solve the problem on the phone, please email, fax or write to us at:

# Definitions.

These definitions apply to the benefits included in our range of Healthcare Plans and may or may not form part of your specific plan. Please refer to your Table of Benefits to clarify which benefits apply to your cover with us. Wherever the following words and phrases appear in your policy documentation, they will always have the meanings as defined below.

- 1.1 **Accident** is an injury which is the result of an unexpected event, independent of the will of the insured and which arises from a cause outside the individual's control. The cause and symptoms must be medically and objectively definable, allow for a diagnosis and require therapy.
  - Is not generally deemed to respond well to treatment
  - Requires palliative treatment
  - Requires prolonged supervision or monitoring
  - Leads to permanent disability
- 1.2 **Accommodation costs for one parent staying in hospital with an insured child under 18** refers to the hospital accommodation costs of one parent for the duration of the insured child's admission to hospital for eligible treatment. If a suitable bed is not available in the hospital, we will contribute the equivalent of a 3 star hotel daily room rate towards any hotel costs incurred. We will not, however, cover sundry expenses including, but not limited to, meals, telephone calls or newspapers.
- 1.3 **Chronic condition** is defined as a sickness, illness, disease or injury which has one or more of the following characteristics:
  - Is recurrent in nature
  - Is without a known, generally recognised cure
- 1.4 **Company** is your employer and whose name is mentioned in the Company Agreement.
- 1.5 **Company Agreement** is the agreement we have with your employer, which allows you and your dependants to be insured with us. This agreement sets out who can be covered, when cover begins, how it is renewed and how premiums are paid.
- 1.6 **Complementary treatment** refers to therapeutic and diagnostic treatment that exists outside the institutions where conventional medicine is taught. Such medicine includes chiropractic treatment, osteopathy, Chinese herbal medicine, homeopathy and acupuncture as practiced by approved therapists.

- 1.7 **Complications of childbirth** refers only to the following conditions that arise during childbirth and that require a recognised obstetric procedure: post-partum haemorrhage and retained placental membrane. Where the insured's plan also includes a routine maternity benefit, complications of childbirth shall also refer to medically necessary caesarean sections.
- 1.8 **Complications of pregnancy** relates to the health of the mother. Only the following complications that arise during the pre-natal stages of pregnancy are covered: ectopic pregnancy, miscarriage, stillbirth and hydatidiform mole.
- 1.9 **Co-payment** is the percentage of the costs which the insured person must pay.
- 1.10 **Day-care treatment** is planned treatment received in a hospital or day-care facility during the day, including a hospital room and nursing, that does not medically require the patient to stay overnight and where a discharge note is issued.
- 1.11 **Deductible** is that part of the cost which remains payable by you and which has to be deducted from the reimbursable sum.
- 1.12 **Dental prostheses** include crowns, inlays, onlays, adhesive reconstructions/restorations, bridges, dentures and implants as well as all necessary and ancillary treatment required.
- 1.13 **Dental surgery** includes the extraction of teeth, apicoectomy, as well as the treatment of other oral problems such as congenital jaw deformities (e.g. cleft jaw), fractures and tumours. Dental surgery does not cover any surgical treatment that is related to dental implants.
- 1.14 **Dental treatment** includes an annual check up, simple fillings related to cavities or decay and root canal treatment.
- 1.15 **Dependant** is your spouse or partner (including same sex partner) and/or unmarried children (including any step, foster or adopted child) financially dependant on the policyholder and not more than 18 years old; or not more than 24 years old if in full time education and also named on your Insurance Certificate as one of your dependants.
- 1.16 **Emergency** constitutes the onset of a sudden and unforeseen medical condition that requires urgent medical assistance. Only treatment commencing within 24 hours of the emergency event will be covered.

- 1.17 **Emergency in-patient dental treatment** refers to acute emergency dental treatment due to a serious accident requiring hospitalisation. The treatment must be received within 24 hours of the emergency event. Please note that cover under this benefit does not extend to follow-up dental treatment, dental surgery, dental prostheses, orthodontics or periodontics. If cover is provided for these benefits, it will be listed separately in the Table of Benefits.
- 1.18 **Emergency out-patient dental treatment** is treatment received in a dental surgery/hospital emergency room for the immediate relief of dental pain, including temporary fillings limited to 3 fillings per Insurance Year, and/or the repair of damage caused in an accident. The treatment must be received within 24 hours of the emergency event. This does not include any form of dental prostheses or root canal treatment.
- 1.19 **Emergency out-patient treatment** is treatment received in a casualty ward/emergency room following an accident or sudden illness, where the insured does not, out of medical necessity, occupy a hospital bed. The treatment must be received within 24 hours of the emergency event.
- 1.20 **Expenses for one person accompanying an evacuated/repatriated person** refers to the cost of one person travelling with the evacuated/repatriated person. If this cannot take place in the same transportation vehicle, transport at economy rates will be paid for. Following completion of treatment, we will also cover the cost of the return trip, at economy rates, for the accompanying person to return to the country from where the evacuation/repatriation originated. Cover does not extend to hotel accommodation or other related expenses.
- 1.21 **Home country** is a country for which the insured person holds a current passport and to which the insured person would want to be repatriated.
- 1.22 **Hospital** is any establishment which is licensed as a medical or surgical hospital in the country where it operates and where the patient is permanently supervised by a medical practitioner. The following establishments are not considered hospitals: rest and nursing homes, spas, cure-centres and health resorts.
- 1.23 **Hospital accommodation** refers to standard private or semi-private accommodation as indicated in the Table of Benefits. Deluxe, executive rooms and suites are not covered.

- 1.24 **Infertility treatment** refers to treatment for both sexes including all invasive investigative procedures necessary to establish the cause for infertility such as hysterosalpingogram, laparoscopy or hysteroscopy. In the case of InVitro Fertilisation (IVF), cover is limited to the amount specified in the Table of Benefits.
- 1.25 **In-patient cash benefit** is payable when treatment and accommodation for a medical condition, that would otherwise be covered under the insured's plan, is provided in a hospital where no charges are billed. Cover is limited to the amount specified in the Table of Benefits and is payable upon discharge from hospital.
- 1.26 **In-patient treatment** refers to treatment received in a hospital where an overnight stay is medically necessary.
- 1.27 **Insurance Certificate** is a document outlining the details of your cover and is issued by us. It confirms that an insurance relationship exists between your company and us.
- 1.28 **Insurance Year** applies from the effective date of the insurance, as indicated on the Insurance Certificate and ends at the expiry date of the Company Agreement. The following Insurance Year coincides with the year defined in the Company Agreement.
- 1.29 **Insured person** is you and your dependants as stated on your Insurance Certificate.
- 1.30 **Local ambulance** is ambulance transport required for an emergency or out of medical necessity, to the nearest available and appropriate hospital or licensed medical facility.
- 1.31 **Long term care** refers to care over an extended period of time after the acute treatment has been completed, usually for a chronic condition or disability requiring periodic, intermittent or continuous care. Long term care can be provided at home, in the community, in a hospital or in a nursing home.
- 1.32 **Medical evacuation** applies where the necessary treatment for which the insured person is covered is not available locally or if adequately screened blood is unavailable in the event of an emergency. We will evacuate the insured person to the nearest appropriate medical centre (which may or may not be located in the insured person's home country). The medical evacuation will be carried out in the most economical way having regard to the medical condition.

Following completion of treatment, we will also cover the cost of the return trip, at economy rates, for the evacuated member to return to his/her principal country of residence.

If medical necessity prevents the insured member from undertaking the evacuation or transportation following discharge from an **in-patient episode of care**, we will cover the reasonable cost of hotel accommodation up to a maximum of 7 days, comprising of a private room with en-suite facilities. We do not cover costs for hotel suites, 4 or 5 star hotel accommodation or hotel accommodation for an accompanying person.

Where an insured member has been evacuated to the nearest appropriate medical centre for **ongoing treatment**, we will agree to cover the reasonable cost of hotel accommodation comprising of a private room with en-suite facilities. The cost of such accommodation must be more economical than successive transportation costs to/from the nearest appropriate medical centre and the principal country of residence. Hotel accommodation for an accompanying person is not covered.

1.33 **Medical necessity** refers to those medical services or supplies that are determined to be medically necessary and appropriate. They must be:

- (a) Essential to identify or treat a patient's condition, illness or injury
- (b) Consistent with the patient's symptoms, diagnosis or treatment of the underlying condition

- (c) In accordance with generally accepted medical practice and professional standards of medical care in the medical community at the time
- (d) Required for reasons other than the comfort or convenience of the patient or his/her physician
- (e) Proven and demonstrated to have medical value
- (f) Considered to be the most appropriate type and level of service or supply
- (g) Provided at an appropriate facility, in an appropriate setting and at an appropriate level of care for the treatment of a patient's medical condition
- (h) Provided only for an appropriate duration of time

As used in this definition, the term 'appropriate' shall mean taking patient safety and cost effectiveness into consideration. When specifically applied to in-patient treatment, medically necessary also means that diagnosis cannot be made, or treatment cannot be safely and effectively provided on an out-patient basis.

1.34 **Medical practitioner** is a physician who is licensed to practice medicine under the law of the country in which treatment is given, and where he/she is practising within the limits of his/her licence.

- 1.35 **Medical practitioner fees** refer to non-surgical treatment performed or administered by a medical practitioner.
- 1.36 **Medical repatriation** is an optional level of cover and where provided will be shown in the Table of Benefits. This benefit means that if the necessary treatment for which you are covered is not available locally, you can choose to be medically evacuated to your home country for treatment, instead of to the nearest appropriate medical centre. This only applies when your home country is located within your geographical area of cover. Following completion of treatment, we will also cover the cost of the return trip, at economy rates, to your principal country of residence. The return journey must be made within one month after treatment has been completed.
- 1.37 **Midwife fees** refers to fees incurred by a midwife or birth assistant, who, according to the law of the country in which treatment is given, has fulfilled the necessary training and passed the necessary state examinations.
- 1.38 **Newborn care** includes customary examinations required to assess the integrity and basic function of the child's organs and skeletal structures. These essential examinations are carried out immediately following birth. Further preventive diagnostic procedures, such as routine swabs, blood typing and hearing tests, are not covered. Any medically necessary follow-up investigations and treatment are covered under the newborn's own policy.
- 1.39 **Nursing at home or in a convalescent home** refers to nursing received immediately after or instead of eligible in-patient or day-care treatment. We will only pay the benefit listed in the Table of Benefits where the treating doctor decides (and our Medical Director agrees) that it is medically necessary for the member to stay in a convalescent home or have a nurse in attendance at home. Cover is not provided for spas, cure centres and health resorts or in relation to palliative care or long term care (see Definitions 1.31 and 1.49).
- 1.40 **Obesity** is diagnosed when a person has a BMI (Body Mass Index) of over 30 (a BMI calculator can be found on our website [www.allianzworldwidecare.com](http://www.allianzworldwidecare.com)).
- 1.41 **Occupational therapy** refers to treatment that addresses the individual's development of fine motor skills, sensory integration, co-ordination, balance and other skills such as dressing, eating, grooming etc. in order to aid daily living and improve interactions with the physical and social world. Out-patient occupational therapy requires Treatment Guarantee.

- 1.42 **Oncology** refers to specialist fees, diagnostic tests, radiotherapy, chemotherapy and hospital charges incurred in relation to the planning and carrying out of treatment for cancer, from the point of diagnosis.
- 1.43 **Oral surgical procedures** are surgical procedures, such as, but not limited to, the removal of impacted wisdom teeth, when carried out in a hospital by an oral or maxillofacial surgeon.
- 1.44 **Organ transplant** is the surgical procedure in performing the following organ and/or tissue transplants: heart, heart/valve, heart/lung, liver, pancreas, pancreas/kidney, kidney, bone marrow, parathyroid, muscular/skeletal and cornea transplants. Expenses incurred in the acquisition of organs are not reimbursable.
- 1.45 **Orthodontics** is the use of devices to correct malocclusion and restore the teeth to proper alignment and function.
- 1.46 **Orthomolecular treatment** refers to treatment which aims to restore the optimum ecological environment for the body's cells by correcting deficiencies on the molecular level based on individual biochemistry. It uses natural substances such as vitamins, minerals, enzymes, hormones, etc.
- 1.47 **Out-patient surgery** is a surgical procedure performed in a surgery, hospital, day-care facility or out-patient department that does not require the patient to stay overnight out of medical necessity.
- 1.48 **Out-patient treatment** refers to treatment provided in the practice or surgery of a medical practitioner, therapist or specialist that does not require the patient to be admitted to hospital.
- 1.49 **Palliative care** refers to in-patient, day-care or out-patient treatment following the diagnosis that the condition is terminal and treatment can no longer be expected to cure the condition. Included within the benefit we will pay for physical care, psychological care as well as hospital or hospice accommodation, nursing care and prescription drugs.
- 1.50 **Periodontics** refers to dental treatment related to gum disease.
- 1.51 **Post-natal care** refers to the routine post-partum medical care received by the mother up to six weeks after delivery.
- 1.52 **Pre-existing conditions** are medical conditions or any related conditions for which symptom(s) have been shown at some point during the 5 years prior to

commencement of cover, irrespective of whether any medical treatment or advice was sought. Any such condition or related condition about which you or your dependants know, knew or could reasonably have been assumed to have known, will be deemed to be pre-existing. Conditions arising between completing the Application Form and confirmation of acceptance by the Underwriting Department of Allianz Worldwide Care will equally be deemed to be pre-existing.

- 1.53 **Pregnancy** refers to the period of time, from the date of the first diagnosis, until delivery.
- 1.54 **Pre-natal care** includes common screening and follow up tests as required during a pregnancy. For women aged 35 and over, this includes Triple/Bart's, Quadruple and Spina Bifida tests, amniocentesis and DNA-analysis, if directly linked to an eligible amniocentesis.
- 1.55 **Prescribed glasses and contact lenses** refers to cover for an eye examination carried out by an optometrist or ophthalmologist (one per Insurance Year) and for lenses or glasses to correct vision.
- 1.56 **Prescribed medical aids** refers to any instrument, apparatus or device which is medically prescribed as an aid to the function or capacity of the insured person, such as hearing aids, speaking aids (electronic larynx),

crutches or wheelchairs, orthopaedic supports/braces, artificial limbs, stoma supplies, graduated compression stockings as well as orthopaedic arch-supports. Costs for medical aids that form part of palliative care or long term care (see Definitions 1.31 and 1.49) are not covered.

- 1.57 **Prescribed physiotherapy** refers to treatment by a registered physiotherapist following referral by a medical practitioner. Physiotherapy is initially restricted to 12 sessions per condition, after which the treatment must be reviewed by the referring medical practitioner. Should further sessions be required, a progress report must be submitted to us, which indicates the medical necessity for any further treatment. Physiotherapy does not include therapies such as Rolfing, Massage, Pilates, Fango and Milta therapy.
- 1.58 **Prescription drugs** refers to products, including, but not limited to, insulin, hypodermic needles or syringes, which require a prescription for the treatment of a confirmed diagnosis or medical condition or to compensate vital bodily substances. The prescription drugs must be clinically proven to be effective and recognised by the pharmaceutical regulator in a given country.

- 1.59 **Preventive treatment** refers to treatment that is undertaken without any clinical symptoms being present at the time of treatment. An example of such treatment is the removal of a pre-cancerous growth (e.g. mole on the skin).
- 1.60 **Principal country of residence** is the country where you and your dependants live for more than 6 months of the year.
- 1.61 **Psychiatry and psychotherapy** refers to treatment of a mental, nervous or eating disorder carried out by a clinical psychiatrist or clinical psychologist. The disorder must be associated with present distress, or substantial impairment of the individual's ability to function in a major life activity (e.g. employment). The aforementioned condition must be clinically significant and not merely an expected response to a particular event such as bereavement, relationship or academic problems and acculturation. The disorder must meet the criteria for classification under an international classification system such as the Diagnostic and Statistical Manual (DSM-IV) or the International Classification of Diseases (ICD-10).
- 1.62 **Rehabilitation** is treatment aimed at the restoration of a normal form and/or function after an acute illness or injury. The rehabilitation benefit is payable only for treatment that starts immediately after the acute medical treatment ceases.
- 1.63 **Repatriation of mortal remains** is the transportation of the deceased's mortal remains from the principal country of residence to the country of burial. Covered expenses include, but are not limited to, expenses for embalming, a container legally appropriate for transportation, shipping costs and the necessary government authorisations. Cremation costs will only be covered in the event that this is required for legal purposes. Costs incurred by any accompanying persons are not covered. All covered expenses in connection with the repatriation of mortal remains must be pre-approved by us using a Treatment Guarantee Form
- 1.64 **Routine health checks** are tests/screenings that are undertaken without any clinical symptoms being present. Such tests include the following examinations performed, at an appropriate age interval, for the early detection of illness or disease:
- Vital signs (blood pressure, cholesterol, pulse, respiration, temperature etc.)
  - Cardiovascular exam
  - Neurological exam
  - Cancer screening
  - Well child test (for children up to the age of 6 years, up to a maximum of 15 visits per lifetime)

- 1.65 **Routine maternity** refers to any medically necessary costs incurred during pregnancy and childbirth, including hospital charges, specialist fees, the mother's pre- and post-natal care, midwife fees as well as newborn care. Costs related to complications of pregnancy and childbirth are not payable under routine maternity.
- 1.66 **Specialist** is a qualified and licensed medical physician possessing the necessary additional qualifications and expertise to practice as a recognised specialist of diagnostic techniques, treatment and prevention in a particular field of medicine. This benefit does not include cover for psychiatrist or psychologist fees. Where covered, a separate benefit for psychiatry and psychotherapy will appear in the Table of Benefits.
- 1.67 **Specialist fees** refer to non-surgical treatment performed or administered by a specialist.
- 1.68 **Surgical appliances and prostheses** refer to artificial body parts or devices, which are an integral part of a surgical procedure or part of any medically necessary treatment following surgery.
- 1.69 **Therapist** is a chiropractor, osteopath, Chinese herbalist, homeopath, acupuncturist, physiotherapist, speech therapist, occupational therapist or oculomotor therapist, who is qualified and licensed under the law of the country in which treatment is being given.
- 1.70 **Treatment** refers to a medical procedure needed to cure or relieve illness or injury.
- 1.71 **Vaccinations** refer to all basic immunisations and booster injections required under regulation of the country in which treatment is being given, any medically necessary travel vaccinations and malaria prophylaxis. The cost of consultation for administering the vaccine as well as the cost of the drug is covered.
- 1.72 **Waiting period** is a period of time commencing on your policy start date (or effective date if you are a dependant), during which you are not entitled to cover for particular benefits. Your Table of Benefits will indicate which benefits are subject to waiting periods.
- 1.73 **We/Our/Us** is Allianz Worldwide Care.
- 1.74 **You/Your** refers to the eligible employee stated on the Insurance Certificate.

# Additional policy terms.

The following are important additional terms that apply to your policy with us.

1. **Eligibility:** Only those employees and dependants as described in the Company Agreement.
2. **Liability:** Our liability to the insured person is limited to the amounts indicated in the Table of Benefits and any subsequent policy endorsement. In no event will the amount of reimbursement, whether under this policy, public medical scheme or any other insurance, exceed the amount of the invoice.
3. **Third party liability:** If you or any of your dependants are eligible to claim benefits under a public scheme or any other insurance policy which pertains to a claim submitted to us, we reserve the right to decline to pay benefits.
4. **Data protection:** The confidentiality of patient and member information is of paramount concern to Allianz Worldwide Care. Allianz Worldwide Care complies fully with European Data Protection Legislation and International Medical Confidentiality Guidelines. You have a right to access the personal data that is held about you. You also have the right to request that we amend or delete any information, which you believe is inaccurate or out of date.

The insured person must inform us and provide all necessary information, if and when entitled to claim from a third party. The insured person and the third party may not agree to any final settlement or waive our right to recover outlays without our prior written agreement. Otherwise we are entitled to recover the amounts paid from the insured person and to cancel the policy.

We have full rights of subrogation and may institute proceedings in your name, but at our expense, to

recover, for our benefit, the amount of any payment made under another policy.
